

The Jarman Centre has some unofficial Geocaches within the estate that have been set by users. You will need to take your own GPS to help you find them. There are also Apps available for many phones that will do the job. Please bear in mind that we have a lot of trees and so your GPS may bounce about a bit. Please log your visit in the cache logbook and feel free to swap something that may be inside. Suitable swaps are small items such as badges, Lego characters, cracker toys, etc. (Nothing edible thank you!)

Remember stealth is important. Others should not see what you are doing. Do not walk through another group's activity to retrieve. You may have to come back another time.

Please ensure caches are replaced and hidden again in the same place as found.

If you wish to place a cache of your own please feel free. It must be in a waterproof container, contain a log and be accessible to all Jarman Centre users at all times i.e. not inside a building. Please send us all the information and as long as it is deemed suitable it will be uploaded onto our website.

Decryption Key for additional hints if required:
